

# LAKESIDE

## Flash News

July 10

### DID YOU KNOW THAT...?

At Lakeside we are closing this school year with a series of unforgettable activities:

#### HOW HAVE I GROWN? I CAN ALREADY READ AND WRITE IN KINDER 3

Our Kinder 3 Lakesiders demonstrated how much they have achieved in the areas of reading and writing to their parents.

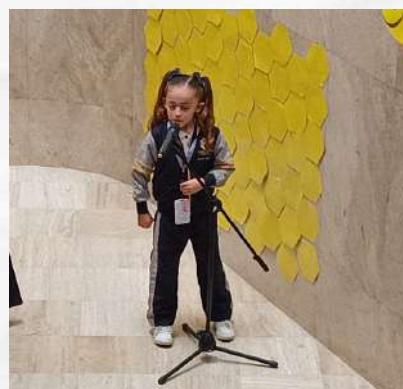

#### SPELLING BEE

We experienced an exciting competition that helped us to promote the learning of the English language, spelling excellence and vocabulary expansion of our Lakesiders, in addition to stimulating individual work and healthy competition with other students.

The level achieved by our Middle School students was outstanding, as they not only had to spell the word, but they had to use it correctly, as well as give a clear definition of it.

It is important to highlight the progress in pronunciation and vocabulary acquisition of our Lakesiders, who from Kinder 3 start with picture identification and increase the level of difficulty until they reach a high level of language proficiency.

## ENTREPRENEURSHIP FAIR

This was a final project of Entrepreneurship and Finance. The students created their own business plan (entrepreneurship) and had the opportunity to present and sell it to the Kindergarten, Lower Primary and Secondary Lakesiders. It was a great success.

## THEATER WEEK WITH MIDDLE SCHOOL

The Middle School Lakesiders prepared amazing plays for several weeks and then presented them to their parents. This activity allowed the spectator to be transported to another world, taking them to emotional states that range from laughter to emotivity; without leaving aside personal development, acting as a tool to control anxiety and achieving a disinhibition that increases self-confidence. We had the pleasure of witnessing The Brother's Grimm Speculathon, Romeo & Juliet and Cyrano de Bergerac, all of them Professor Mario Medina's version.

## END OF THE YEAR CEREMONIES

In these emotional ceremonies, all of our Lakesiders received their diplomas for having finished their school year, as well as awards for outstanding students in Spanish, English and Mathematics.

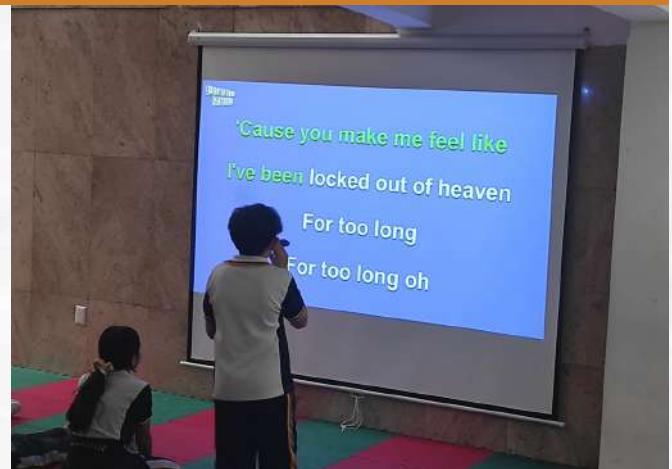

We were pleasantly surprised with the MAP diplomas, in view of the progress that our Lakesiders made.

We bid our 9th grade Lakesiders a fond farewell and wish them the best of success in their new school years.

## CHOOSE YOUR OWN ADVENTURE

Our Lakesiders have been able to choose between different workshops (with a clear pedagogical objective), activities such as drawing and painting, emotion management, martial arts, dancing and singing, among many others, which have made them enjoy these last days at school. With this, we have been able to deepen in an experiential way in social, emotional and cooperative skills that are part of our pillars.

## DELIVERY OF DOCUMENTS

As an international school, this school year we will deliver the internal report card with the Cognia stamp, which is recognized and valid in more than 80 countries. Through the following link you can check the validity of our accreditation by Cognia:

<https://home.cognia.org/p/registry>

You only have to enter the name Colegio Lakeside

## CAMBRIDGE CERTIFICATION

To close the school year, some of our students will take the Cambridge certification examinations according to Lakeside's grade profile. We wish them the best and we are sure they will have a great performance.

Thank you for your great effort and dedication throughout this school year that is coming to an end.

We will surprise you with what we are organizing to welcome you next year.
